

Virtual Events

Powered By Absolute

Let us help you take your event online

Social distancing doesn't have to mean the end of your event. Your options are just beginning. Take your in-person event online. With virtual sets, fully customized branding, broadcast quality, and live & pre-recorded options, we can make your event more dynamic than ever!

Perfect For:

- Commencements
- Fundraisers
- Marathons/Athletic Events
- Community Focused Events
- Trade Shows
- Awards Ceremonies
- Press Conferences
- Concerts/Musical Events
- Experiential Events & Brand Outreach

Or whatever your event may be!

PRODUCTION SERVICES

FEATURES

Secure and Private

Keep your meetings and events for just the people you want. With password protection, waiting rooms, & private streams, trust us with your confidential information.

Centralized Production

Combine live and pre-recorded content, switch between cameras, and integrate the features you need to make your event seamless.

Smooth Video and Audio Delivery

Don't get caught with cheap production quality. Sound good and look good no matter where you are.

Screen Layouts

We build a visual experience to best engage your audience, big or small, with customized branding and multiple presenting options. Create an engaging experience for your virtual event.

Slides and Presenter

Present your content in a traditional way showing the slides and the presenter.

Side-by-side Presenters

Have multiple presenters side-by-side on the screen for a panel discussion or Q&A

Full Screen Presenter

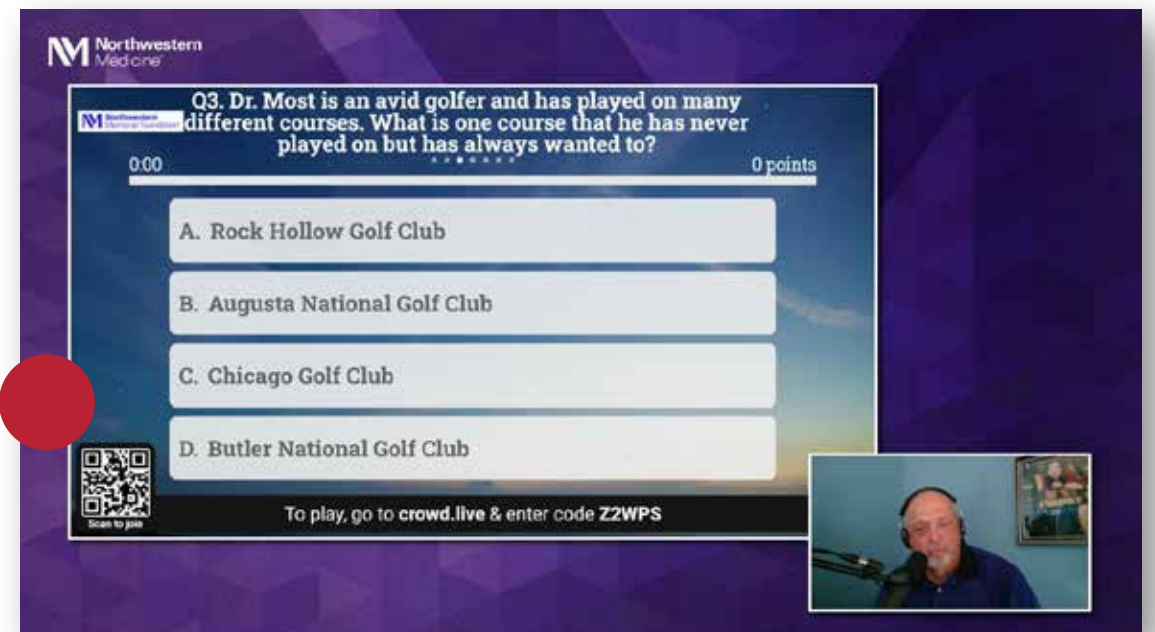

Have the presenter's image fill the entire screen and use lower third name titles

Audience Engagement

Virtual events aren't just for watching. Get your audience involved with trivia, surveys, Q&A, real-time chats, and more! Create an interactive experience for your virtual event.

Polling & Trivia

Play games or get feedback from your viewers in real-time to keep them engaged.

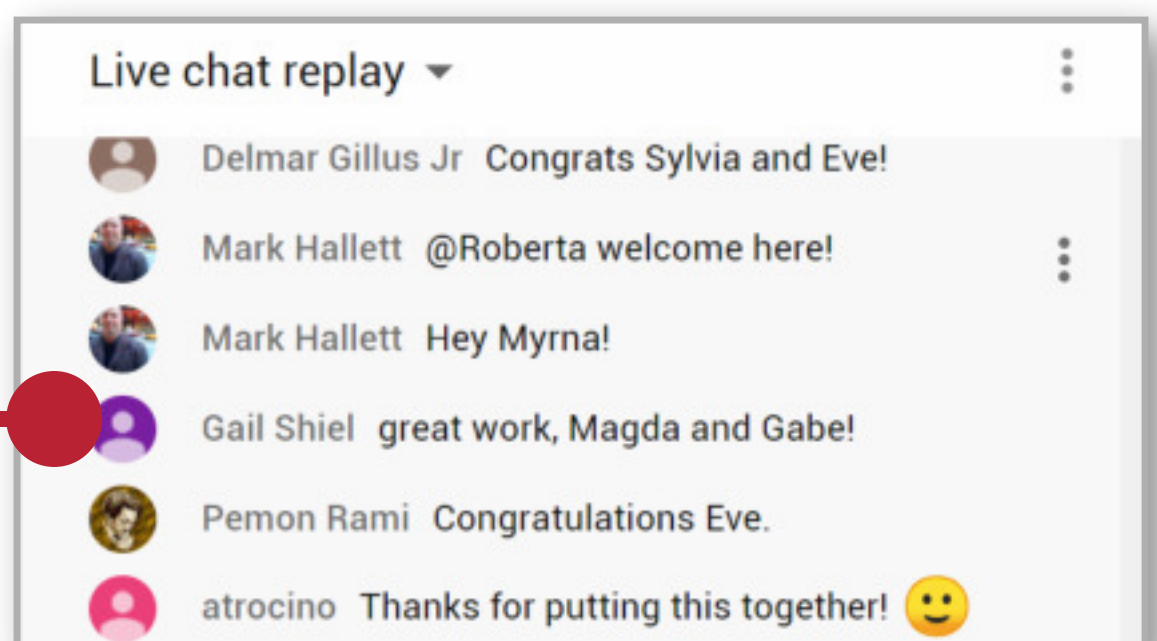

Audience Q&A

Panel discussions or audience Q&A allows you to answer viewer questions live.

Live Stream Chat

Interact with your audience in real-time chat and allow them to connect with each other
